

## NEWSPAPER INTERESTS IN COMBINATION

A RECENT INVENTION has revolutionized the art of making printing inks, and a substantial reduction in the cost of manufacture has given The Standard Ink Works such strategical advantage over their competitors in the ink trade that the editors and publishers who control and largely own the business have decided to invite the financial co-operation of the general public in an immediate enlargement of the working plant.

The purpose of the corporation is to secure to American newspapers the absolute control of their ink supply independently of any industrial combination or other outside influence, and, at the same time, to make money for its stockholders through the sale of printing inks to publishers and printers in all parts of the civilized world.

The corporation owns and operates, in New York City, a printing ink factory having a capacity of 10,000 pounds of printing ink a day. The factory is equipped with the latest and most highly improved machinery for the manufacture of all grades and colors of printing inks.

The corporation owns and operates, outside of New York, a modern and fully equipped factory for the preparation of the materials from which printing inks are made. This factory represents an outlay of between \$50,000 and \$100,000 in cash. It has a capacity of present of 100,000 pounds a day.

It is the intention of the corporation to bring the capacity of its New York City factory up to the full capacity of the works.

By reason of the recent improvement in the quality of the materials and the reduction in the cost of manufacture, the corporation is able to offer to investors this plain business proposition: It can manufacture better printing inks at a lower cost than any other maker of inks in existence. It can sell good inks for less than it costs other concerns to make poor inks, and still earn generous dividends on its outstanding investment. The profits of manufacture, under the new and more favorable conditions, will range from 100 to 300 per cent.

The corporation has no debt, no preferred stock, no bonds. All stock is common stock, full paid and non-assessable. Only stock actually issued counts as capital. Dividends are paid only on issued stock.

The active management of the business is in the hands of practical and experienced business men, all except two of whom have many years' experience as editors and publishers. The Executive Board of Directors is made up as follows:

Major General Oliver Otis Howard, U. S. Army (retired), Burlington, Vermont; Robert Hunt Lyman, 53-53 Park Row, New York City; Henry W. B. Howard, Polytechnic Institute, Brooklyn, N. Y.; B. Peck Willett, 149 Fifth Avenue, New York City; Hiram C. Haydn, 173 Bellflower Avenue, Cleveland, Ohio; Edward B. Smith, 156 Fifth Avenue, New York City; William Willard Howard, 17 Broadway, New York City.

For the purpose of extending its business by the construction in New York City of a larger factory for the manufacture on an extensive scale of all grades and colors of printing inks, the parent corporation now offers for sale a limited allotment of its capital stock at the low price of fifty cents a share (par value \$1.00, full paid and non-assessable).

When this sale is closed (which may be at any time without notice), the price of stock will be advanced to \$1.00 a share.

Subscriptions to this allotment of stock should be sent to Mr. William Willard Howard, Treasurer, 17 Broadway, New York City. Circulars describing the enterprise in detail will be sent free to any address on application.

The Awakening of the Old Democratic Spirit

In many of the cities, towns and hamlets of the country, the anniversary of our Patron Saint was celebrated by Democrats. There was no wavering voice, no weak expression, no thought to quit. The battle for the People will be kept up. The party will come together, factions will be wiped out and selfish ambitions suppressed.

"Democrats hearts still beat with a fire. For a past they can never forget. And still will they banner the cause up higher. There's life in the old party yet."

DR. CARR PRESIDENT

Organization was affected by electing Dr. C. S. Carr, president; Rev. C. Tomlinson, vice president; L. A. Parrish, secretary; W. B. Jordan, treasurer. These officers with DeWitt C. Jones, who was chosen as general counsel, constitute the executive committee, which is charged with the duty of formulating a constitution and by-laws. They can act in the name of the society and represent it in any course of action or litigation. Two weeks from Saturday night the nucleus of the new association will assemble in the office of Mr. Jones to hear the report of its committee and further perfect the organization.

SPEECHES ARE MADE.

Speeches were made by Dr. Carr, L. A. Parrish, Rev. Mr. Tomlinson, and others present. Various divisions of the medical profession, the homeopaths, eclectics and osteopaths, were pointed out as being opposed to compulsory vaccination. Dr. Carr gave his experience regarding litigation to keep his daughter in school after she had refused to submit to inoculation. The members voted to stand by any person in Columbus who should refuse to abide by the requirements of the board of education in small-pox epidemics so far as vaccination is concerned.

SPREAD THE MOVEMENT.

It is the expectation that a state organization will be formed. At the meeting of the national convention of the American Medical Union in Chicago next Tuesday Dr. C. S. Carr will tell of the movement started in Columbus. He states that the union is opposed to compulsory vaccination.—Columbus Press Post.

There is a strong feeling against compulsory vaccination all over the country, and the opposition is not confined to the illiterate.

PROSECUTOR McBROOM.

The business before the grand jury this term has been conducted by Prosecutor McBroom with energy, ability and dispatch. The cases reported to him have been carefully considered, the witnesses on hand and the investigations thorough and complete. Mr. McBroom is to be commended for his zeal in the preliminary proceedings for the punishment of crime in our country.

VAN CLEAF FOR GOVERNOR

The Democracy of Pickaway has pronounced in favor of our Bro. Van Cleaf, of the Circleville Democrat, for Governor.

There is no more worthy man for this high honor than the veteran editor and able legislator and true tried Democrat, than Van Cleaf. He was elected to the legislature thirty years ago, serving as Representative and Senator continuously for more than "twenty years," and then on retiring from the legislature, honored with the office of Probate Judge.

Van is a Democrat of the old school whose principles are always new and ever young. He is well and widely known in the state, and where best known is most esteemed.

While we stand for Colonel Vance as our candidate, in the event that he does not aspire for the place, our voice and vote is for Van Cleaf, and we believe the Democracy of Hocking will be as earnest in his support as his own and our sister and neighbor Pickaway.

It's a good time to subscribe.

PLANING FOR THE SUCCESSION

GEN. GROSVENOR TAKEN AT HIS WORD.

Already Candidates are Springing up to Take his Place When he Lets go

Lancaster Eagle.

The Republican politicians of this Congressional District are inclined to take General Grosvenor at his word when he remarked at the nominating convention last summer that he would not ask another nomination from his party, but would be willing to retire upon the completion of the term starting March 4th, 1905. The first person to shie his castor in the political arena is Mr. Ed Martin, of New Straitsville, a brother of Judge George E. and William Martin, and a former resident of this city. In a letter to a Lancaster friend he announces that he is going in to win and expects to receive the nomination on the first ballot. He thinks he can get his own county of Perry solid, and with the support he expects from Hocking, Vinton and Meigs, he hopes to have votes to spare. Mr. Martin is well thought of in his home town of New Straitsville and has many friends all over the district. He expects to have considerable opposition as there have been a score or more of politicians in every county in the district who have been patiently waiting for the old gentleman of Athens to step down and out, so that they could assert their rights. There are many people who believe that Grosvenor will not retire when the time comes, but that he'll have the fight of his life to secure another nomination there seems but little doubt. He has had his "twenty years in congress" and they think he ought to be satisfied and retire gracefully and give the younger blood who have grown gray in waiting a chance at the public trough before they are called to the Great Beyond. If we mistake not we think we could name about fifty or sixty aspirants in Fairfield county alone who have been awaiting this golden opportunity of becoming a candidate in this great and wealthy congressional district of Ohio.
